Comparator manual de masa WPY.KB

Comparator manual de masa WPY.KB. Capacitate:210kg; 510kg; 1100kg; 2100kg.

Descriere

The newest line of Radwag Mass Comparators enables adjusting mass standards and weights according to the OIML recommendations (R-111) from 100 kg to 2000 kg for M1 class and lower.

The comparators are used both for ensuring traceability of mass measurements, and verification of weights in accordance with the principles of legal metrology. RADWAG Mass Comparators have gained recognition among Accredited Calibration Laboratories in many countries.

Mass comparator WPY/KB series comprises two components. One of them holds the electronic module, and the other a precise multi-sensor measuring system.

The weighing platform made of steel features centring rings enabling precise positioning of the weights. The WPY/KB series features an intuitive menu supporting a user in instrument operation.
