Microbalanta MYA.21.3Y.P

Microbalanta MYA.21.3Y.P - max: 21g/1 µg- pan: ø20 mm- graphic display 5,7'' with touch screen

Descriere

MYA series of microbalances series Y have been designed to meet the high requirements of mass measurements with the highest precision. Measurement reliability and accuracy is ensured by internal calibration. Microbalances consist of two major parts (an electronic system and a precise mechanical measurement system in a separate enclosure). This solution eliminates the temperature influence and separates from shocks and vibrations caused by users operating software. All the elements of the balance are made of glass and steel which eliminates the influence of electrostatics on the weighing process.
